

EasyClean® 360 Stainless Steel Isolator Cleaning System

Quick, easy-to-use, and efficient

Efficient cleaning of compounding isolators, restricted access barrier systems (RABS), laminar flow hoods, and other mini environments is critical to the quality and purity of compounded products. The EasyClean® 360 System includes a stainless steel, lightweight, maneuverable cleaning tool along with easy-to-use laundered polyester knit covers. The padded knit cover and rounded edges of the mop head ensure the device does not scratch or damage surfaces.

EasyClean® 360 Isolator Cleaning Tool

Designed to clean and disinfect isolators and restrictive access areas, the EasyClean 360® offers maneuverability, efficiency, and flexibility. Grade 304 stainless steel comprises the entire tool and its components, which provides higher resistance to disinfectants, lower wear from autoclaving cycles, and from repeated use.

- Lightweight and durable 360° swivel mophead offers higher flexibility and maneuverability during cleaning & disinfecting process
- 4" x 7" (10cm x 18cm) triangular head shape allows for improved access in tight corners
- Choice of 17"/24" (41/61cm) handle length enhances usability, reduces strain, and overall cleaning efficiency.
- Attached hanging loop to free up your working space.
- Mop head and handle can be sterilized by autoclave (recommended 121°C for 30 mins) or gamma irradiation
- Compatible for use in ISO Class 3/EU Grade A environments after sterilization
- Also ideal for cleaning and disinfecting RABS, LAF cabinets, and any confined space

Elastic Covers:

- Knit Polyester 2-ply pinsonic bonded
- Knit Polyester
- Knit Microfiber

Padded Cover:

- Knit Polyester 2-ply pinsonic bonded

Cleaning Elastic Covers & Padded Cover for EasyClean® 360 Isolator Cleaning Tool

Designed to use with the EasyClean 360® isolator cleaning tool, our cleaning elastic and padded covers are easy to use and replace. Mixed and match for best cleaning and disinfecting efficiency.

Ideal for use in isolators, RABS, LAF cabinets, and restrictive access areas. Validated sterile and pre-saturated covers are also available.

EasyClean® 360 Isolator Cleaning Tool - Elastic Covers

- Choices of polyester knit and microfiber knit covers for different cleaning and disinfecting requirements.
- Laundered and packaged in an ISO Class 4 (Class 10) cleanroom for superior fiber, particle and residue performance
- Covers are non-shedding and low-linting per USP <797> and USP <800> requirements
- Stretchy fabric and elastic edge allow easy installation and secure fit on the cleaning tool.
- Recommended for use with the EasyClean® 360 Padded Cover
- Absorbent knit is abrasion resistant and durable to a wide range of cleaning solutions
- Autoclavable (recommended 121°C for 30 mins)
- Compatible with EU grade A after sterilizing
- Validated sterile elastic covers version compatible with EU grade A

EasyClean® 360 Isolator Cleaning Tool - Padded Cover

- 100% continuous filament knitted padded covers are laundered and packaged in an ISO Class 4 (Class 10) cleanroom
- Recommended for use with the EasyClean® 360 Elastic Cover
- Foam-free cushioned design ensures even surface coverage with reduced residues and contaminants
- Easy-to-install covers fit securely and stay in place during use
- Autoclavable (recommended 121°C for 30 mins)
- Compatible with EU grade A after sterilizing
- Validated sterile padded covers version compatible with EU grade A
- Validated sterile pre-saturated version comes with 70% IPA/30% DI water saturation

It is recommended to choose the right cover and substrate based on your standard operating procedures and specific cleaning and disinfecting applications, from less critical to the most critical processes. The below table offers a guide for selecting the optimum ones for your application.

Covers Selection Guide	Sorption efficiency	Cleaning efficiency	Disinfecting efficiency	Abrasion resistant	Ease of use
· Knit Polyester dual layer - Padded Cover	Best	Excellent	Best	Excellent	Good
· Knit Polyester dual layer - Elastic Cover	Best	Excellent	Best	Excellent	Best
· Knit Polyester - Elastic Cover	Excellent	Excellent	Excellent	Best	Best
· Knit Microfiber - Elastic Cover	Excellent	Best	Good	Excellent	Best

Order Information

Product	Item Number	Packaging
EasyClean® 360 stainless steel isolator cleaning tool c/w 17" handle length	EC360SSICT17	1 mophead with 17" (43cm) handle length/case
EasyClean® 360 stainless steel isolator cleaning tool c/w 24" handle length	EC360SSICT24	1 mophead with 24" (61cm) handle length/case
Combo covers - Knitted polyester elastic covers with knitted polyester padded cover	EC360.EC.24A	25 knitted polyester elastic covers & 1 knitted polyester padded cover/pack, 24 packs/case
Knitted polyester 2-ply pinsonic bonded elastic covers	EC360ECDPET24	25 knitted polyester elastic covers/pack, 24 packs/case
Knitted microfiber elastic covers	EC360ECMF24	25 knitted microfiber elastic covers/pack, 24 packs/case
Knitted polyester padded covers	EC360PAD20A	25 knitted polyester padded covers/pack, 20 packs/case
<u>Validated Sterile</u> Combo covers (Sterile) - Knitted polyester elastic covers with knitted polyester padded cover	EC360ECST20	10 sterile knitted polyester elastic covers & 1 sterile knitted polyester padded cover/pack, 4 packs/inner bag; 20 packs/case
Sterile - Knitted polyester padded covers	EC360CHPST40	5 sterile knitted polyester padded cover/pack, 8 packs/inner bag; 40 packs/case
<u>Validated Sterile & Prewetted</u> Sterile - Pre-saturated knitted polyester padded covers (70% IPA, 30% DI water)	SSPEC360P40	5 sterile pre-saturated knitted polyester padded cover/pack, 40 packs/case
